SOUTHERN DISTRICT OF WEST VIRGINIA  
AT CHARLESTON**

IN RE: ETHICON, INC., PELVIC REPAIR SYSTEM PRODUCTS LIABILITY LITIGATION	MDL Docket No. 2:12-MD-02327
THIS DOCUMENT RELATES TO THE CASES ON THE SECOND AMENDED EXHIBIT A <sup>1</sup>	

**PRETRIAL ORDER # 293  
ORDER REGARDING DISPOSITION OF NON-REVISION  
GYNECARE TVT PRODUCTS CASES**

Pending before the court is Defendants' Motion for Order Regarding Disposition of Non-Revisions Gynecare TVT Products Cases ["Motion"] [ECF No. 5313] filed on March 2, 2018. Plaintiffs filed various responses [ECF Nos. 5417, 5418, 5423, 5425, 5427, 5428, 5430, 5431, 5434, 5435, 5436, 5439, 5440, 5433, 5438, 5442, 5443, 5444, 5445, 5452, 5457, 5468, 5552, 5555, and 5574] and defendants filed replies [ECF Nos. 5508, 5515, and 5519]. As such, defendants' Motion is ripe for the court's consideration.

Defendants Ethicon, Inc., and Johnson & Johnson (collectively, "Ethicon")<sup>2</sup> request entry of an order establishing procedures for the voluntary dismissal or disposition of those cases of plaintiffs who are alleging implantation of Ethicon's currently marketed Gynecare TVT products: Gynecare TVT Retropubic (TVT) or Abdominal (TVT-A) System, Gynecare TVT Obturator System (TVT-Obturator), Gynecare TVT Abbrevio Continence System (TVT-Abbrevio), and/or Gynecare TVT Exact Continence System (TVT-Exact), (hereinafter collectively "the Ethicon

---

<sup>1</sup> The court granted leave to defendants to amend the original Exhibit A, hence the court refers to the most current version of Exhibit A as the Second Amended Exhibit A.

<sup>2</sup> As used herein, "Ethicon" refers collectively to Johnson & Johnson, Ethicon LLC, Ethicon, Inc. as well as any of its former or present agents, employees, parent companies, subsidiaries, affiliated companies, directors, officers, design surgeons, employees, distributors, and detail representatives named in any action pending in MDL No. 2327.

Gynecare TVT Products"), and who have not undergone any Revision Surgery as defined hereinafter. The court has carefully weighed plaintiffs' objections to defendants' motion and finds them unconvincing: if a plaintiff is unsatisfied, an objecting plaintiff may opt out pursuant to the terms of this Order. Accordingly, defendants' Motion is **GRANTED**.

The court **FINDS** as follows:

**I. INTRODUCTION**

A. This MDL proceeding involves cases related to the implant of the Ethicon Gynecare TVT Products [Gynecare TVT Retropubic (TVT) or Abdominal (TVT-A) System, Gynecare TVT Obturator System (TVT-Obturator), Gynecare TVT Abbrevio Continence System (TVT-Abbrevio), and Gynecare TVT Exact Continence System (TVT-Exact)] as well as other Ethicon Pelvic Mesh Products used for the treatment of stress urinary incontinence or pelvic organ prolapse, including (1) four devices which are no longer marketed and/or sold by Ethicon: Prolift, Prolift+M, Prosima and TVT-Secur; and (2) two devices (Gynemesh PS and Prolene) which are marketed and sold by Ethicon separately.

B. Several thousand cases have been filed to date in this MDL proceeding in which plaintiffs have asserted claims relating to the implantation of Ethicon Gynecare TVT Products. This Order shall apply to all presently pending cases involving the Ethicon Gynecare TVT Product(s) and in which the plaintiff has not undergone a Revision Surgery and that have not otherwise been resolved between the parties. This court is well aware of the issues in this litigation and believes there is significant value to the plaintiffs who have not undergone a revision surgery not being required to go forward with a case at this time when there is the possibility that they could be at risk of a surgery in the future.

C. A federal district court has broad power to manage litigation, especially complex litigation, for the purpose of affording the parties a "just, speedy, and inexpensive" disposition of the action. See Fed. R. Civ. P. 1, 16, 26, 37, 42, 53 and 83; F. R. Ev. 706 (court-appointed experts); *see generally* Manual for Complex Litigation, Fourth §§ 10.1, 11, 20, 22, and 23. Among other things, the court has the inherent authority and duty to identify, define, and resolve issues. *See, e.g.*, Fed. R. Civ. P. 16(c)(2) (authorizing "special procedures for managing potentially difficult or protracted actions that may involve complex issues, multiple parties, difficult legal questions, or unusual proof problems").

D. The plan set forth below is intended to and should significantly reduce the burdens on this court, allowing it to efficiently address, transfer, dismiss and/or try presently pending cases involving an Ethicon Gynecare TVT Product(s) when the plaintiff has not undergone Revision Surgery. Judicial economy as well as the speedy, just, and fair resolution of such cases should be accomplished by the mechanisms set forth below, which are being established for the benefit of all parties.

**IT IS THEREFORE ORDERED** that the procedures for the dismissal or trial of such above-described cases shall be as follows:

Plaintiffs,<sup>3</sup> who now have actions filed in or transferred to this MDL after process was duly and timely served as of the date of this Order, and who have had implanted one of Ethicon's Gynecare TVT Products in the United States or at a time when she was a lawful resident of the

---

<sup>3</sup> Plaintiffs shall collectively include each of the individuals identified in the Second Amended Exhibit A hereto, who had one of these five Ethicon Gynecare TVT Product(s) (as defined in this Order) implanted, and their spouses, heirs, beneficiaries, agents, estates, executors, administrators, successors, assigns and other representatives that may be asserting a derivative claim against Ethicon on their behalf. The plaintiffs identified on the Second Amended Exhibit A are "Non-Revised Plaintiffs" as defined in this Order.

United States, and who have not undergone a Revision Surgery of the Gynecare TVT Product, are subject to this Order.

A "Revision Surgery" means surgery as defined in this paragraph which is for the revision or removal in whole or in part of an implanted Ethicon Gynecare TVT Product, or revision or removal of scar tissue, repair of fistulas, or other surgeries (including surgical treatment for pain) related to or resulting from the implantation of an Ethicon Gynecare TVT Product, specifically related to the mesh. The term "Revision Surgery" will only apply to surgeries utilizing general, regional or MAC anesthesia undertaken for the purpose of dealing with medical problems related to the mesh. Such surgery must be performed by a duly licensed physician by and upon the recommendation of a physician. A surgery performed after the date of the dismissal of the pending action by a physician retained or funded by a plaintiff's lawyer to perform the surgery or by a physician retained or funded by any litigation funding company to perform the surgery shall not constitute an acceptable "Revision Surgery." A surgery funded after the date of dismissal of the pending action where the litigation funding company has a relationship with the surgeon performing the surgery or the facility (or any related entity) shall not constitute an acceptable "Revision Surgery."

A "Non-Revised Plaintiff" is a plaintiff who has had an Ethicon Gynecare TVT Product(s) implanted and who has not undergone a Revision Surgery as described in the above paragraph. Each such plaintiff is identified in the Second Amended Exhibit A, which is attached hereto and made a part hereof by reference, and shall hereinafter be referred to as a "Non-Revised Plaintiff" or collectively as "Non-Revised Plaintiffs."

Plaintiffs have argued that the claims of Non-Revised Plaintiffs should be preserved while their potential need for medical care continues. Ethicon's position is, in part, that such Non-Revised

Plaintiffs do not currently have cognizable claims against it because they have not had a "Revision Surgery."

The court finds, at this point in the litigation, that a procedure should be established so that the Non-Revised Plaintiffs' claims against Ethicon may be voluntarily dismissed without prejudice, with the ability to refile in a federal district court of proper venue and jurisdiction within five (5) years of dismissal of the pending litigation should plaintiff undergo a medically necessary Revision Surgery, be recommended for a medically necessary Revision Surgery, or otherwise undergo multiple qualifying procedures described below, within those five years. Under the unique circumstances of this litigation and to address in part this issue without prejudice to the positions of any party, it appears to the court that:

Ethicon, in consideration and in return for the voluntary dismissal of a Non-Revised Plaintiff's pending action without prejudice, within sixty (60) days of the entry of this Order, agrees that if a Non-Revised Plaintiff has a Revision Surgery, as defined herein, within five (5) years of the date of dismissal of the pending action, then the statute of limitations for her claim(s) shall commence on the date of that Revision Surgery or a recommendation for Revision Surgery, whichever first occurs. Ethicon agrees that the timely filing of a second lawsuit after a qualifying surgery shall not be barred by the statute of limitations or the statute of repose or any argument of equity regarding the timing of the initial lawsuit so long as the subsequent lawsuit is timely filed within the 5 year period based on the qualifying surgery.

For purposes of this order only, Ethicon agrees that plaintiffs who, although their treatment does not qualify as Revision Surgery within five years after the election, have more than one (1) in office revision of the mesh and who also have concomitant treatments of trigger point injections, vaginal physical therapy or utilization of vaginal Valium, that are demonstrated to be necessary by

contemporaneous medical records and that are performed by a competent, licensed physician who is neither retained nor funded by a plaintiff's lawyer or a litigation funding entity for purposes of performing such procedures or treatments, nor where the litigation funding company has a relationship with the physician or the facility (or any related entity), will be treated the same as those plaintiffs who have a Revision Surgery within the five year period, as described above; however, the applicable statute of limitations shall begin to run upon the completion of the second of such multiple qualifying procedures.

In no event is Ethicon waiving or limiting its right to raise any applicable statute of limitations that may commence upon the date of any Revision Surgery, or the recommendation for such surgery, whichever first occurs, or upon the completion of the second of such multiple qualifying procedures.

Accordingly, the court **ORDERS** the following election and trial preparation procedures to effectively manage its docket:

1. The stay of all deadlines, including those deadlines for Wave 7, Pretrial Order No. 269, and Wave 8, as stated in Pretrial Order No. 280, is lifted. However, the Wave 7 and 8 deadlines no longer apply to plaintiffs who decide to continue forward with their claims or for those plaintiffs who fail to make an election within the election period. **Those plaintiffs' cases will move forward pursuant to the deadlines articulated in this Order.**

2. **Election Obligation** - Each Non-Revised Plaintiff identified on the Second Amended Exhibit "A", together with any of her derivative plaintiffs with an existing MDL lawsuit, shall file an election form (Exhibit B to this Order) in each individual case no later than **June 10, 2018**, following the entry of this Order evidencing the Non-Revised

Plaintiff's intent to either (i) dismiss her presently pending case without prejudice subject to the waiver provisions set forth hereinafter, or (ii) continue with her presently pending case without any waiver. **IF A PLAINTIFF DOES NOT MAKE AN ELECTION WITHIN THE ELECTION PERIOD, HER CASE WILL BE SUBJECT TO THE DEADLINES ARTICULATED IN THIS ORDER.**

3. Each such Non-Revised Plaintiff, together with any related derivative plaintiff with an existing MDL lawsuit, shall satisfy the election required in Paragraph 1 by filing with the court a complete election form in her case and by simultaneously serving the election form and, if applicable, an Order of Dismissal Without Prejudice via electronic mail on Ethicon's attorney, Donna Brown Jacobs, at Butler Snow LLP using the following email address: mdl2327election@butlersnow.com. This election form shall be filed in each individual case with the court and served on Butler Snow by **June 10, 2018**.

4. By **June 20, 2018**, the parties shall jointly prepare and submit to the court a list identifying: (a) the Non-Revised Plaintiffs who have elected not to dismiss their cases without prejudice in accordance with the provisions of this Order, together with the name of the plaintiff's lawyer who submitted the election form; (b) the Non-Revised Plaintiffs who have elected to dismiss their cases without prejudice in accordance with the provisions of this Order, together with the name of the plaintiff's lawyer who submitted the election form; and (c) the Non-Revised Plaintiffs who have failed to file an election in accordance with this Order, together with the name of the plaintiff's lawyer who submitted the Plaintiff Profile Form, if submitted, for the plaintiff.

5. **Election - Dismissal without Prejudice** - For any Non-Revised Plaintiff who elects to dismiss her case without prejudice and who has a Revision Surgery or the

multiple qualifying procedures described above within five (5) years of the date of dismissal, Ethicon agrees that the statute of limitations on her claim shall commence on the date of her Revision Surgery, or the recommendation for such surgery, whichever first occurs, or upon the completion of the second of such multiple qualifying procedures.

6. **Reservation of claims against other defendants** - For those Non-Revised Plaintiffs that elect to dismiss their claims without prejudice pursuant to the terms of this Order, the dismissal shall be made as to Ethicon only. All remaining claims of such Non-Revised Plaintiff against any other defendants in MDLs No. 2187, 2325, 2326, 2387, 2440 or 2511 in the Southern District of West Virginia will remain viable and will continue to be prosecuted. This Order shall have no impact on the applicable statute of limitations, repose or otherwise against any other defendants in the case.

7. **Non-Revised Plaintiffs Who Do Not Elect To Dismiss**- In the event a Non-Revised Plaintiff elects not to dismiss her claim, but to continue her case, if the Non-Revised Plaintiff has not otherwise completed discovery pursuant to a previous Wave Order, then discovery and other deadlines, shall be completed in each such case, as follows:

A. Plaintiffs listed on the Second Amended Exhibit A are not presently subject to any wave discovery order of this court. Therefore, the deadlines articulated in this Order apply to all plaintiffs listed on the Second Amended Exhibit A who do not elect to dismiss;

B. Each Non-Revised Plaintiff who does not elect to dismiss her case must establish that she has experienced a potentially compensable injury. To establish such injury, each Non-Revised Plaintiff who does not elect to dismiss her case shall serve upon Ethicon by **June 25, 2018**, if not done previously, the

following: (1) a fully completed Plaintiff Profile Form ("PPF") with all required records authorizations; (2) complete implant records, including the operative report and any records establishing product identification; (3) the earliest medical record in which the alleged injury and/or symptom complaint is recorded, and all medical records relating to the plaintiff's claim. At the time of filing, plaintiff's counsel shall certify that the production is complete. The burden of proof, by a preponderance of the evidence, shall at all times rest on plaintiff.

C. Each Non-Revised Plaintiff who does not elect to dismiss her case shall also serve upon Ethicon the following documents by **July 30, 2018**: (1) a fully completed Plaintiff Fact Sheet ("PFS") in the form and with the content specified by PTO 17; (2) documentation of any lost wages claimed in the PPF or PFS; (3) documentation of any medical expenses claimed and by whom; (4) any and all medical records of any type whatsoever (including photographs or videos) relating to any aspect of her gynecological history for the five (5) year period before the date of implantation of an Ethicon Gynecare TVT Product(s), including but not limited to, any pregnancies, hysterectomies, treatment for stress urinary incontinence or pelvic organ prolapse, and treatment for subsequent complaints (this time limitation shall not preclude a reasonable request for earlier or additional relevant medical records); (5) any and all medical records of any type whatsoever relating to any alleged injury or complication for which she seeks compensation from Ethicon; (6) any and all medical records of any type whatsoever related in any way to the implantation, surgical revision, explantation or medical treatment of a medical device for treatment of pelvic floor prolapse or stress urinary incontinence;

(7) a list of the known information (obtained after due diligence) pertaining to any potential medical or insurance liens, bankruptcy liens or claims by a bankruptcy trustee or debtor-in-possession, and any supporting documentation regarding each lien or claim; (8) a statement as to the fact of resolution, if any, of any claim against any other manufacturer or individual arising out of the implantation or use of a device to treat either stress urinary incontinence or pelvic organ prolapse; and (9) the documents produced must include product identification, the implant surgery records, any records of injuries claimed, and in-office revisit records, and all records of gynecological or Revision Surgeries involving other products and any other related procedures.

D. The deadline to serve Defendant Fact Sheets is **August 9, 2018**.

E. The deadline for written discovery requests is **September 8, 2018**.

F. By **July 30, 2018**, plaintiff shall serve Rule 26 expert witness reports. Ethicon shall serve expert witness reports by **August 29, 2018**. The deadline for expert disclosures for rebuttal purposes is **September 19, 2018**. Expert witnesses who have previously been deposed on general subject matters shall not be deposed again without a showing of good cause except for the limited purpose of updating previous depositions on general subject matters or to question the witness about case specific opinions. In the absence of good cause shown, depositions shall be limited to three (3) hours in length, and the parties shall have equal time with respect to case specific treating physicians, unless one party fails to use its' entire allotted time; it is the intent of this order that neither party shall have more than 90 minutes of deposition time in the absence of agreement of the

parties. Absent a showing of good cause, no further discovery shall be taken from Ethicon or Johnson & Johnson regarding the company or regarding Ethicon's products. Ethicon may defend against all aspects of liability and damages on any and all grounds available to it.

G. Discovery shall be conducted and completed by **October 3, 2018**, and shall include but not be limited to discovery of any and all medical records; an independent medical examination; and depositions of the plaintiff, her current spouse or partner, prior spouses or partners, implanting surgeons, gynecological surgeons or other surgeons revising other products, gynecologists, primary-care doctors, and medical providers, and expert witnesses.

H. Dispositive motions, if any, by all parties shall be filed by **November 2, 2018**. *Daubert* motions must be filed with the court by **November 17, 2018**.

I. Upon completion of discovery and to the extent her claim survives a dispositive motion, the case shall, as appropriate, either be placed on the trial calendar or remanded for trial before a federal district court of proper venue and jurisdiction. Nothing herein operates to waive or diminish Ethicon's rights under *Lexecon Inc. v. Milberg Weiss Bershad Hynes & Lerach*, 523 U.S. 26 (1998).

J. Timely compliance with the deadlines in this Order is necessary for the prompt and fair resolution of any claims. Any failure to comply with the deadlines set forth by this Order is grounds for sanctions. In the event any party believes another party has not adequately provided the information required in this Order, then the party shall with specificity notify the other party of the missing

material or deficiencies and the party shall have thirty (30) days to cure the deficiency. The parties may also file dispositive motions based on the materials provided at any time.

2. **INTENT:** The intent of this Order is to allow a Non-Revised Plaintiff's potential need for medical treatment to progress without the necessity of continuing this litigation and to allow such a plaintiff to avoid incurring further expenses, unless and until she later undergoes a Revision Surgery, has such surgery recommended by a competent, qualified physician, or has the multiple qualifying procedures within five (5) years and elects to re-bring an action against Ethicon.

3. Nothing contained in this Order shall affect the obligations of Non-Revised Plaintiffs who file Complaints in this MDL after the entry of this Order to comply with all Orders previously or subsequently entered by the court, including completion and service of a Plaintiff Profile Form (PPF), pursuant to PTO 17.

The Court **DIRECTS** the Clerk to file a copy of this Order in 2:12-md-2327 and in each individual case listed on the Second Amended Exhibit A attached hereto. The parties are subject to this Order from the time the Order is filed into MDL 2327. This Order will be placed in each individual case as quickly as administratively possible. This Order may be accessed through the CM/ECF System or the courts website at [www.wvsc.uscourts.gov](http://www.wvsc.uscourts.gov).

**SO ORDERED AND DIRECTED** this the 11th day of April 2018.
